

ENABLING – SAGE ACCPAC WORKSHOP SERIES: SEPTEMBER 20TH 2007

BE INFORMED - Enabling wants to provide our Sage Accpac customers with an opportunity to learn more about the software they are currently using to run their business...

Our team will be showcasing how our business solutions have enhanced other local businesses, giving you some insight to what other possibilities are available when you are using the Sage Accpac ERP & CRM.

We will also have our specialist consultants on hand, answering questions, demonstrating and providing valuable tips on using Sage Accpac.

This is free workshop, and an excellent platform for our Sage Accpac customers to exchange information or knowledge about how Sage Accpac works for their business.

When: Thursday 20th September 2007

Where: Metropolitan Golf Club, Golf Road, South Oakleigh (Melways 69 G12)

Time: 9am – 12:00pm.
